ABOUT ME

SUMMARY

Strong knowledge of Javascript. Understand principles and technics required to create a quality software. Familiar with data structures and sorting algorithms. I'm trying to write a maintainable, modular and testable code, also practicing TDD approach in my projects where appropriate. Constantly evolve, learn by doing.

The list of technologies I worked with will be further. Here is a [link](#) to my bookshelf. My favorite ones are "Code Complete" and "Clean Coder".
